

National Hispanic Environmental Council

BECOME A MEMBER!

The **National Hispanic Environmental Council** (NHEC) invites you to join us in our work! Become a part of a growing national non-profit organization committed to ensuring our community has a voice in environmental decision-making. Since our inception in 1996, NHEC has provided a forum for Latino (and non-Latino) activists, professionals, students, and others who want to protect our nation's environment and preserve our cultural and natural resource heritage. As a member, you will join a network of committed individuals from every environmental/natural resource discipline who want to be good stewards of our environment, share information and opportunities, give back to our communities, participate in NHEC programs, and bring much-needed diversity to the environmental movement.

Membership is free!

The mission of the National Hispanic Environmental Council is to educate, engage, and empower our community on environmental and sustainable development issues; encourage Latinos to actively work to preserve and protect our environment; provide a national voice for Hispanics before federal and other key environmental decision-makers; and actively assist Latinos to pursue the many career, business, educational and policy opportunities in the environmental and natural resources fields. Our guiding credo is: **"because it's our environment too"**.

Member Feedback:

Do you want to get mailings and e-mails about our annual conference, Youth Institute, and other programs?

Yes No

NHEC runs several programs for high school and college students. These programs help NHEC meet our mission of building the next generation of Latino/minority environmental leaders and professionals. NHEC utilizes “role models” (volunteers from every environmental and natural resource discipline) to help mentor, inspire, and work with these students. Would you be interested in volunteering to be a role model in one of our youth programs?

Yes No

Would you be interested in submitting your resume to be part of a national, computerized job bank of Latino environmental professionals? Yes No

Do you belong to any environmental organizations? If so, please list: _____
